

## A Message from the Chapter President

It's been about four months – a full third of my tenure - since I was inducted as President of HFMA-SC Chapter for 2011-2012! It is still an honor - and a *privilege* - to serve as your President, and I pledge that I respect and uphold this role and office, always to the highest degree!

Diane Story, your President Elect, and I just returned from the Region V “Fall Presidents’ Meeting”. Gaining information from other National and Region V leadership, as well as Chapter leaders from FL, GA, AL, and TN, we continued our planning for this SC Chapter year – one of growth in education and education hours, maintaining and growing our Membership count, continued excellence in Certification, and achieving other key CBSC Goals.

As you know, we are planning an outstanding Fall Institute in Greenville, SC (my hometown!) on October 19<sup>th</sup>-21<sup>st</sup> at The HYATT Hotel, and you do not want to miss this event! Please register now through our Chapter website link.

The theme for National HFMA and all Chapters is “**Believe to Achieve**”. With a great list of Officers working hard with me, and an outstanding roster of Board and Committee Chairs and volunteers, I continue to **Believe** we will **Achieve** much during this Chapter year. We still have strong challenges ahead of us, with lofty goals set forth in our Chapter Balanced Scorecard, but I know we and our Membership will meet those challenges.

Again, I am very proud to be serving as your President for this Chapter Year, and will always work for you as a Member of our great Chapter!

*Rennie Hyatt*
